Scripture:

Luke 11:15 "And He went on to say to them all, "Watch out and guard yourselves from every kind of greed; because your true life is not made up of the things you own, no matter how rich you may be." (GNT)

Message:

Look around at the things that belong to you. You may have a new phone or new shoes. Your parents might have bought some new clothes for you which are the latest brand name items, most of which are still in the shopping bag and you have not touched them as yet. They might have bought them from the store or ordered them online. Your room is filled with so many toys that you do not have the time to play with all of them. There is the new bicycle your grandparents gave to you for Christmas and you have only used it a few times. You have so many things you boast about, some you do not even remember you have in your room, yet you want more and more just to say that you have it.

The verse for today points us to the fact that life is not about what you have or how much you have. You are not to place importance on what can spoil or have little meaning to the richness of life. When you focus on what has little importance, you lose sight of the quality of living. Focus instead on a good relationship with Jesus Christ and He will give you the important things which matters most.
