HEED

July 19 – Be Faithful

Scripture:

**Colossians 1:23a But you must keep your faith steady and firm. You must not move away from the hope the good news holds out to you. This is the good news that you heard. (NIRV)**

Message:

**To be faithful is to be true. To be faithful to God is to be true to God. When we promise to do something for someone, we should be true to our word and keep our promise. The person is expecting us to do what we said we would do just as we look forward to when someone promises us something with the expectation that they would do what they said they would do. So it is that we should be faithful to God, we should be true to Him.**

**God is always faithful to us. He keeps His promises especially when He says that He will never leave us nor abandon us. He has made us many promises, such as fulfilling all our needs, protecting us, also giving us the strength to face any situation. Just as He is true to us, we too need to be true to Him by keeping our promises to Him. We can do that by living a life that is pleasing to Him by not lying, cheating or stealing and other such negative things. We are faithful to God when we keep our promises to Him.**
