Scripture:

Psalm 34:1 I will thank the Lord at all times. My lips will always praise him. (NIRV)

Message:

Always give thanks to God even when you do not feel thankful. There is so much for which we need to give God thanks. We wake up each day to see the sunrise and what the day offers. We are able to have meals so that we do not go hungry. We are in reasonable health and can move around. With the Covid restrictions and protocols, we are still able to do some of the things we enjoy even though it may not be on a large scale. Things such as going to the beach, meeting with friends and family, riding our bicycles and going to church. We would like things to be different but we are thankful as it is.

Because we are thankful, we must give God the honour and the praise at all times. We must thank Him for giving to us all we need to live in times like these. We must praise God that He continues to look out for us and take care of us. Don't think of praising God in the good times only, we must praise Him all of the time because He looks after us ALL of the time. Praise Him when we think the times are bad, praise Him when we know things are good. Praise the Lord all of the time.

Activity:

Look up Psalm 100 and use the words given to complete the Psalm.
