Scripture:

Romans 12:18 "Do everything possible on your part to live in peace with everybody." (GNT)

Message:

Tired of hearing people around you fighting or shouting at the top of their voices? Every time you turn around there is some noise on your street or from the house next door. You would wonder why they are always arguing with each other. Maybe in your own home, family members are sometimes picking at each other. You wish they would get along so that the house will be much quieter. The things people quarrel about may be so small, it can be shameful. But we must learn to quieten ourselves and live in peace with others.

We should try to see what to make a noise about and when to be quiet. Not because others around us love to shout and argue that we must be a part of it. Learn to enjoy some peace and quiet especially when we are talking to God, for it is then we hear His voice as well as the answers to our questions. Let us be a part of the quiet set of people, those who love peace. Do not be the one to start a fight, but be the one to bring unity and peace among persons. Live in peace with your family and friends, your God and most of all, yourself.
